### Notes:

- ISOTECH Easy Anchors are designed to offer quick pipe anchor installation without welding on site
- ISOTECH Easy Anchors are designed to be installed with minimum space requirement in mechanical pipe shaft
- ISOTECH Easy Anchors are made of high strength steel to provide maximum capacity for anchoring purposes
- All steel components are welded per CSA-W59 and AWS D1.1 specifications
- Follow either Option 1 or Option 2 shown on the next page to install ISOTECH Easy Anchor on pipe riser system
- ISOTECH Easy Anchors include Neoprene Isolation pad to provide required isolation efficiency for pipe riser system
- Machined Grooved Ends are provided for attachment to standard groove fittings available in the market
- Contractor to select groove fitting to match maximum rated pressure in pipe
- Refer to table above for maximum anchor capacity for each size
- Contact factory for Weld-End or Flanged Connection options
- Contact factory for Stainless steel material option
